SPOTLIGHT ON COM / LAKE MEAD NATIONAL RECREATION AREA MEETING FOLLOW-UP By Adrienne O’Keeffe

Key staff members of the NPS office of the Lake Mead National Recreation Area traveled to Meadview from Boulder City to be the speakers at the May 7 COM Meeting. The focus of their presentation was to update us on the status of “More to Mead” and South Cove operations. Major staffing changes have impacted progress with projects that were identified by surveys conducted by the “More to Mead” team. However, now that the staffing issues have been resolved, the team will be able to move forward.

Chief of Staff, Christa Johnson introduced Justin Pattison, Deputy Superintendent who gave us an overview of short and long-term projects that will be implemented to improve South Cove operations. Trent Martinez, Facilities and Maintenance Supervisory Specialist referred to the map of the South Cove launch area and gave us specifics about the various projects planned to improve use of the primitive launch area.

They are working closely with Mohave County and District 4 Supervisor Don Martin and others to use the state's \$500K in a way that is innovative and impactful for area use. This map shows the area they are working to improve. The proposed improvements for the area are a long-term area plan and is under review with the NPS and their area community partners.

The park is in contact with some of our night sky partners and the Las Vegas Astronomy Society about a possible night sky event in the Fall. Other areas of interest such as a picnic area and swimming beach were also discussed. Proposals for improvement in these areas fall into the category of long-term projects. With recent funding, we should see some activity with these projects.

Anna Blalock, Lake Volunteer In-Park Program Coordinator, talked about the volunteer group and called for more folks to get involved. This group has already conducted two road clean-up events and a third one is planned for the Fall. Other projects that need volunteer assistance is restoration and preservation of the “Duffield House”. Volunteers are also involved in maintaining the habitat of the endangered Leopard Frog and removal of the predatory gold fish. Another Fishing for Gold Fish is being planned for the near future. If you are interested in participating in any of these activities, please contact Anna at (702) 293-8711.

The results from the “More To Mead” Community Listening Sessions include following up with the NPS's Rivers, Trails, and Conservation Assistance Program (RTCA) about possible trail development in the area as well as updating park regulatory signs focused on camping and hunting. Both of these actions were priority requests from the Meadview participants to improve the visitor experience when recreating in the area.

Saturday—3:30 PM—Praise Team Practice

Mohave County Mobile Healthcare Van

The Mohave County Mobile Healthcare Van will not be scheduled for Meadview in June. The schedule will resume in July.

ANTHONY'S SPORTS CORNER

The final four of NBA playoffs are the Oklahoma City Thunder vs. the San Antonio Spurs in the Western Conference Championship and the Cleveland Cavaliers vs the New York Knicks in the Eastern Conference Championship. My prediction is that it will be the Thunder vs. the Cavaliers in the finals with Thunders taking it all.

The Vegas Golden Knights made it to the Western Conference Championship against the Colorado Avalanche. That should be a good match up. The Golden Knights won Game 1. Good Luck to the Vegas Golden Knights. They are three wins away from the Stanley Cup finals. Bring that Cup back to the desert.

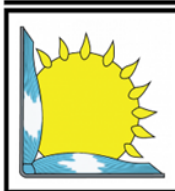

The Arizona Diamondbacks are in 3rd Place in the NL West Division with a record of 22-23. The Los Angeles Dodgers are in 1st place in the NL West Division with a 29-18 record. The Atlanta Braves are in 1st place in the NL Central Division with a record of 32-15. The Chicago Cubs are in 1st place in the AL West Division with a record of 23-23. The Athletics are in 1st place in the AL Central Division with a 26-22 record. The Tampa Bay Rays are in 1st place in the AL East Division with a record of 30-15. There is a lot of season to go and these rankings could change next week.

The WNBA season has just started. The Phoenix Mercury team has a record of 2-2. The Indiana Fever's record is also 2-2. It's good to see Caitlin Clark back on the court this year.

NASCAR will race in Concord, North Carolina at the Charlotte Motor Speedway on May 24th. Then, they will travel to Lebanon, Tennessee to race in the Nashville Superspeedway on May 31.

The NCAA Men's Baseball playoffs start on May 29 with 64 teams.

As always, you can watch your favorite Sports Events at Anthony's Fisherman's Landing Bar. Until the next issue, keep watching sports, my friends

Good day, Meadview!

This month, we're taking a closer look at American author Sandra Brown. Sandra was born in Waco, Texas and raised in Fort Worth. She attended Texas Christian University, where she majored in English. On a dare from her husband, she began writing in 1981 and has since published over 70 novels, with more than 50 becoming *New York Times* bestsellers. Her novel *French Silk* was adapted into a made-for-TV movie in 1994. She also contributed to Court TV's series *Murder by the Book* in 2007. We have a collection of her work here at the library—stop by and check one out!

"Unearth a Story" is the theme of this year's Summer Reading Program, which begins on May 22. Come sign up for a chance to win some amazing prizes!

The library also offers printing, internet, and faxing services.
 The library is open Tuesday-Thursday-Saturday 10am-3pm.

Library Representative; Julia Kolvenbach

**COUNTY CORNER
BY
Jeanne Kentch
Mohave County Assessor**

Hello Mohave County!

Some of you might have already heard about the passing of Senate Bill 1479, but all of Arizona needs to be excited about this new development. SB1479 is the state's first comprehensive measure aimed at preventing deed fraud. This landmark legislation establishes many critical safeguards to enhance the integrity and security of property ownership and deed transfers throughout Arizona.

Safeguard #1: Individuals recording documents in person must present valid photo identification, unless the filing is conducted by an escrow officer, title agent, chartered bank or governmental entity.

Safeguard #2: County Assessors are now required to implement an Address Protection Program that notifies enrolled property owners of any ownership changes affecting their property(ies). This program is modeled after the successful initiative developed by the Mohave County Assessor's Office in 2022.

Safeguard #3: Any individual who records a document containing material misstatements or false claims is liable to the property owner for no less than \$5,000 or the actual damage incurred, whichever is greater, along with reasonable attorney fees and legal costs.

Safeguard #4: A person named in a fraudulent document who knowingly refuses to release or correct the record within twenty days of receiving written notice will be liable for at least \$1,000 or actual damages, whichever is greater, in addition to reasonable attorney fees and associated costs.

Safeguard #5: Knowingly recording fraudulent documents is now classified as a Class 5 felony, an increase from the previous classification of a Class 1 misdemeanor.

Safeguard #6: Notary publics are required to obtain a thumbprint for all deed-related notarizations, adding a critical layer of identity verification.

Safeguard #7: Remote notarizations are permitted under strict guidelines, including the requirement that notary journals capture the signer's identification number and that audiovisual recordings of the transaction be retained for a minimum of seven years.

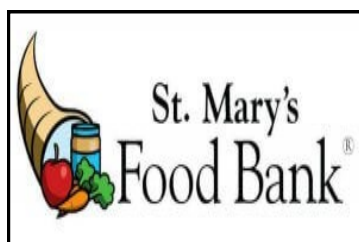

SB1479 passed unanimously through committees in both the Arizona House and the Arizona Senate, reflecting strong bipartisan agreement on the importance of protecting property owners. This overwhelming support underscores a clear mandate from Arizona's elected officials to strengthen safeguards around one of the most valuable assets individuals own – their homes.

The success of this legislation was the result of collaborative efforts among Arizona lawmakers, County Assessors, Records, the Attorney General's office and even a deed fraud victim, all working together to develop practical, effective solutions to combat deed fraud. SB1479 represents a significant step forward in protecting property rights in Arizona by introducing multiple layers of security that were previously unavailable.

I am forever grateful to the Mohave County's Assessor staff for thinking outside the box when creating the Address Protection Program, I greatly acknowledge the added work due to training, travel, multiple meetings and changes of policy.

If you have not yet enrolled the Assessors Address Protection Program, stop by one of our three Assessor offices in Mohave County or visit the Assessor website under "Program Enrollment". You can enroll on-line by going to:

<https://www.mohave.gov/departments/assessor/program-enrollment/assessor-address-protection-program-aapp/>

The next food distribution will be May 26 at approximately 10:00 am in the VFW parking lot. The 1st distribution in June will be on June 9. Be prepared to show proof of Arizona residency.
